

### **Private Chapel & Rural Restaurant**

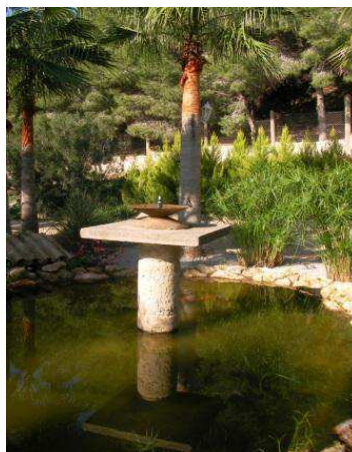

If you are looking for a traditional Spanish venue then look no further. The Restaurant and Chapel are privately owned by Spanish People and offer you everything under one roof.

As you walk up the driveway towards the venue you can only imagine what's beyond the door. As you walk up you are surrounded by palm trees.

Driveway Leading to the Venue.

The Driveway leads to a quaint little water fountain and small ornamental fish pond with its very own residents.

The Chapel can be used for both Catholic Weddings and Wedding Blessings, which is the most popular here in Spain. So you can use the church for the blessing so its as if your having the real wedding and guests will be none the wiser. The Chapel is situated amongst the grounds of the restaurant and is only 50 yards away so you have everything in one place.

The Chapel & Restaurant are set just outside a small Typical Spanish Village, with its Town Square and small tapas Bars. The restaurant & Chapel are surrounded by Orange & Lemon Groves, with views to die for. Yet the beach is only a 20 minute drive away, so it really is a hidden Gem, but easily accessible.

The venue is has access to two airports, both Murcia which is 20 minutes and Alicante which is 45 minutes. So cheap flights run from both Airports on a daily basis. Making this an ideal location

The restaurant has an excellent reputation with the locals and has a high standard of service. You have the choice of an outdoor terrace which sits under Olive Trees over looking the stunning views.

There is an abundance of views from the outside terraces which make lovely pictures on your wedding day.

The restaurant outside Terrace.

Or you can have the function room inside the restaurant, the choice is yours. The function room has a full length window with view out onto the water fountain & pond.

The cuisine is traditional Spanish but as a wedding party you can suggest and make up your own menus so to accommodate all your guests.
